TI-83 Plus on MiSTer: PC keyboard keys

Yellow badge = PC keyboard key (physical position on a US QWERTY keyboard).

Digits, point, + − * / and Enter also work on the numeric keypad.

2nd functions (cream): Shift, then the key. Letters (ALPHA, green): Ctrl, then the key.

F9: text mode, the keyboard types text: lowercase, Shift = capitals, symbols, Backspace = ← DEL.

“+” is the “=” key, pressed without Shift (Shift + = would give 2nd + = MEM).

Gamepad: D-pad = arrows; buttons Enter, 2nd, Alpha, Clear, Mode, ON, Zoom, Graph

(assign them in the MiSTer menu, “Define joystick buttons”).

TI-83 Plus core for MiSTer created by Lentrave.
